

FRAGILE X COMMUNITY DAY

BRISBANE

Wednesday 1 November 2017

9:30-4:30pm

Souths Leagues Club, West End

Don't miss this opportunity to learn about the latest in Fragile X.

It's a privilege to have Dr Marcia Braden return to Australia to join our local expert Dr Jonathan Cohen for a series of updates on Fragile X.

Dr Marcia Braden is an educational psychologist who specialises in educational strategies and behaviours in children and adults with Fragile X syndrome, autism and developmental delay.

Dr Jonathan Cohen is the medical director of the Fragile X Alliance Clinic in Melbourne.

Together they will lead a full-day program:

- Strategies to support the **Fragile X learning style**
- **Daily living strategies** and successful supports
- **Understanding anxiety** in Fragile X
- Update on **Fragile X-associated conditions**
- The latest in research

Paediatrician and leading expert in Fragile X
Prof Randi Hagerman says:

"Dr Braden is the most experienced psychologist in the field of Fragile X that I know. She has seen patients for over 20 years and her behavioural and academic programs have made a wonderful difference for the children she treats."
